This is what you'll see:

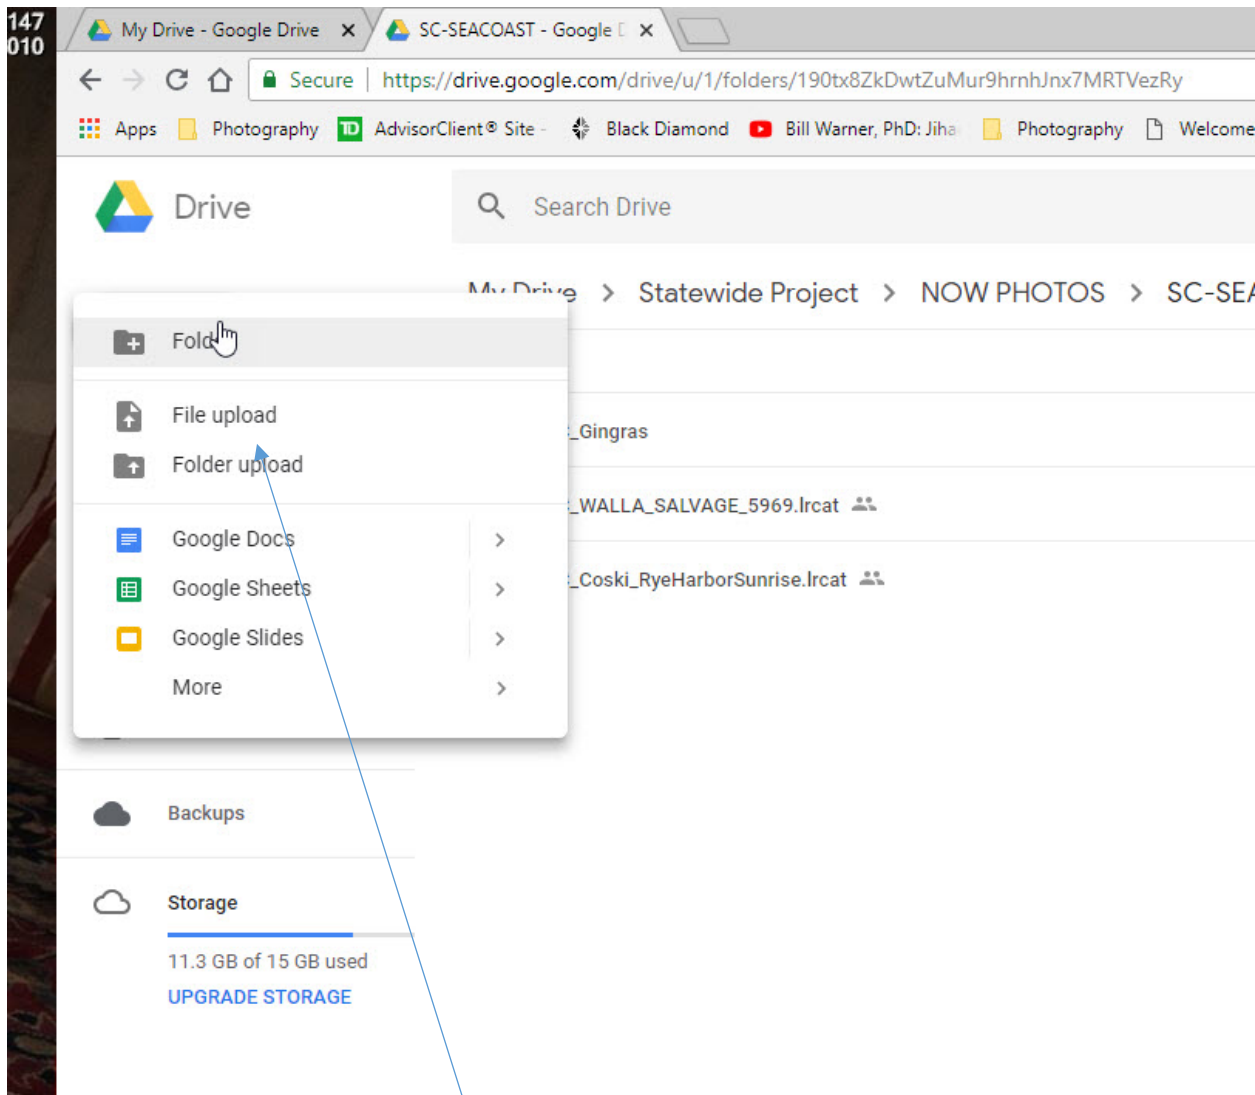

Select the folder you want to upload to- in this case it should be SC-SEACOAST since that's what we're working on, but if you've got pictures of other areas, feel free to select another folder.

Once you click on the folder, you'll be taken to the inside of that folder:

You can now DRAG whatever you want into the folder. OR Click on the +NEW button and you'll be asked to either upload a file or a folder:

Select either FILE UPLOAD or FOLDER UPLOAD and then select what you want to upload.
